

The February 3, 2011 Meeting of the McKinley Civic Association will not have a speaker. Instead, we will have a business meeting, discussing several issues.

1. **Memorial Celebration for Henry Washington.** The Civic Association in conjunction with Abington Township's Green Program will have a tree planted in Jordan Park in Henry's memory. Henry's name will also be added to the Memorial Tree plaque situated at the Township Building. If you have not had the opportunity to contribute to this memorial, please send your contribution to our financial secretary, Dorothy Robinson, 203 Osceola Ave., Elkins Park, PA 19027. The date for this celebration is Saturday, April 30.
2. **Bylaws Amendments.** There are several simple changes to the updated bylaws that have been suggested. According to the bylaws, these must be introduced at one meeting (February) and then discussed and voted on (April). The proposed changes should be attached to this email.
3. **Neighborhood Watch.** Wallace Robinson will discuss how this new agenda can help the Town Watch initiative and engage the whole community protect itself from crime.
4. **Commissioners' Report.** The headline in the Jan. 20-26 2011 Times Chronicle, ***Anti-Discrimination Ordinance Voted Down*** should be discussed by our two commissioners

The meeting will be cancelled if roads are impassable. Hopefully we will be between snowstorms.
